Student / Parent Journeys

How to Log In To Student/Parent Portal

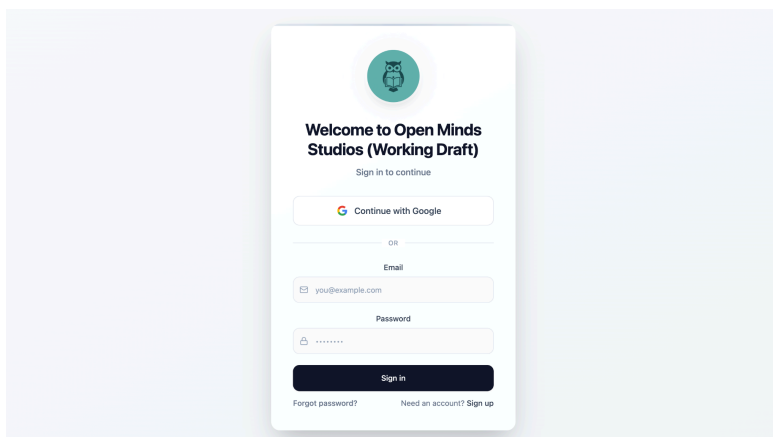

I just registered as a student with Open Minds Studios. What do I do next?

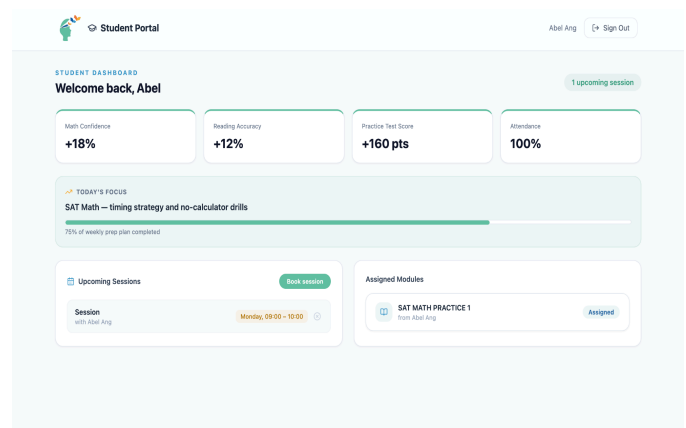

Step 1: Click on 'Student/Parent Login'

Step 2: Click on 'Continue to Sign in'

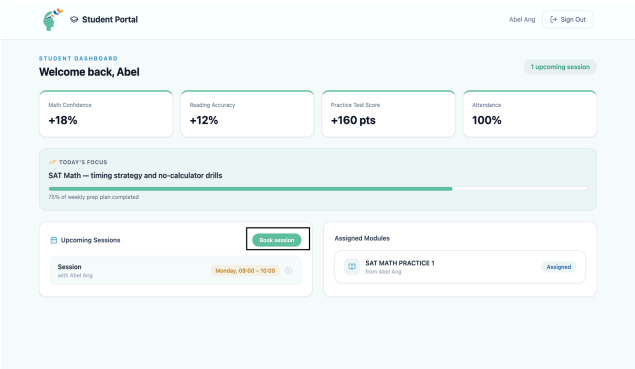

Step 3: Continue with a Google Account or the email you registered with.

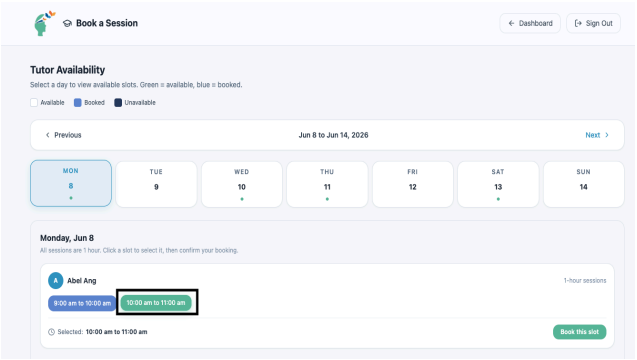

Step 4: Congratulations, you have successfully logged in!

How to book a session

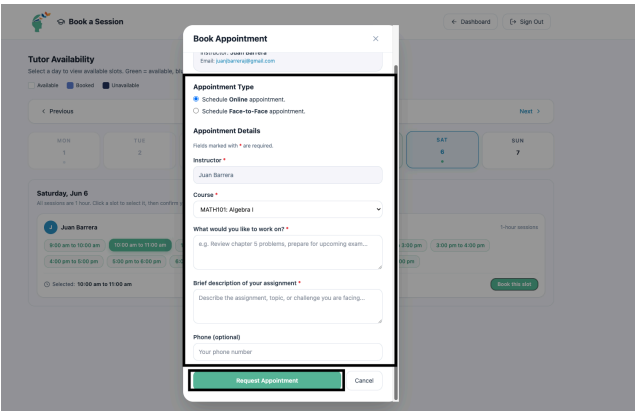

I just logged into my student portal. How do I book an appointment?

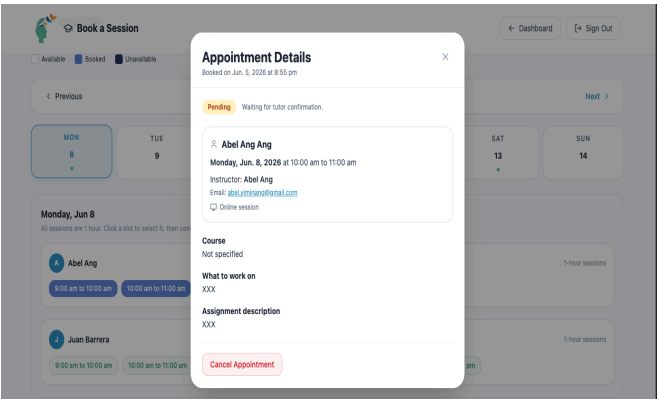

Step 1: Click 'Book Session'.

Step 2: Select a time that works for you with a tutor and click 'Book slot'.

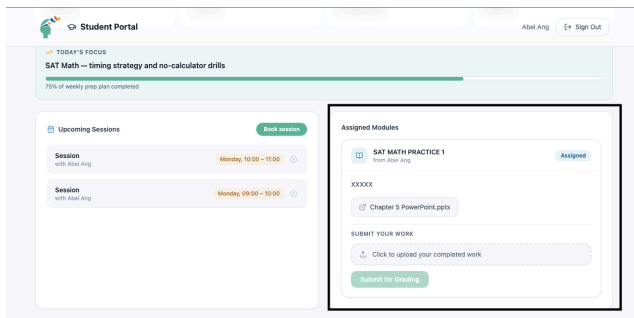

Step 3: Fill in the details and click 'Request Appointment.'

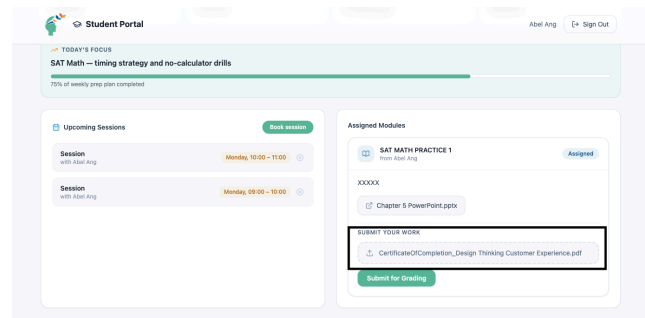

Step 4: You have successfully created an appointment!

How to upload work for an assignment

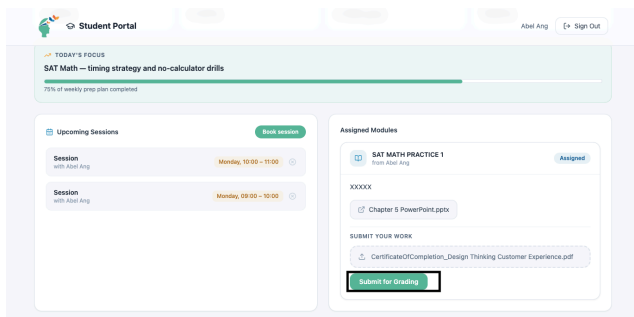

I just finished an appointment with my tutor. How do I upload work to an assigned module?

Step 1: Navigate to 'Assigned Modules'

Step 2: Upload your work file

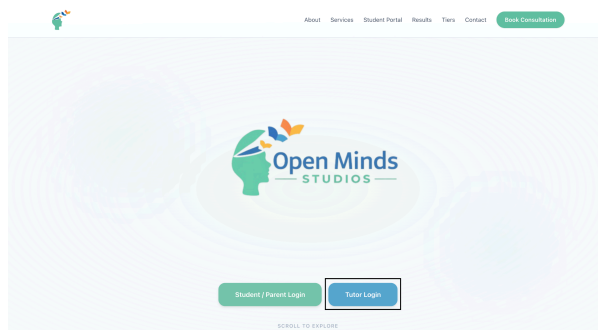

Step 3: Click 'Submit for grading'

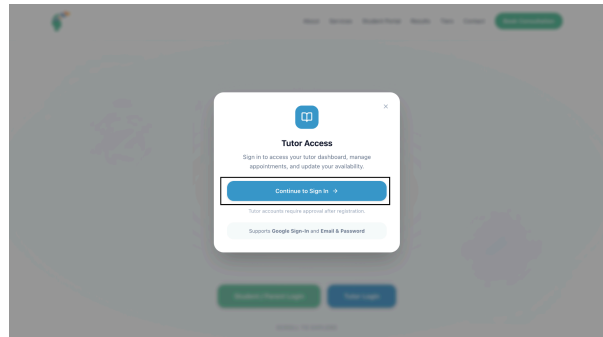

Tutor Dashboard Journeys

How to Log In To The Tutor Portal

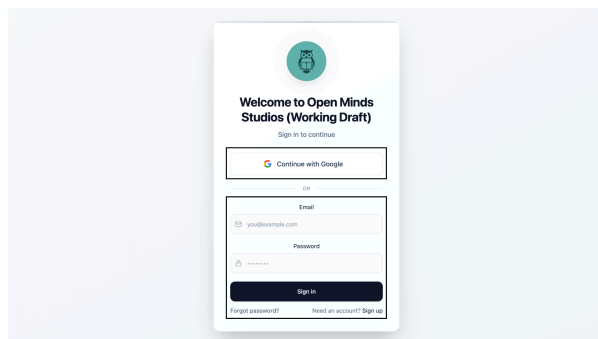

I just joined Open Minds Studios as a tutor. What do I do next?

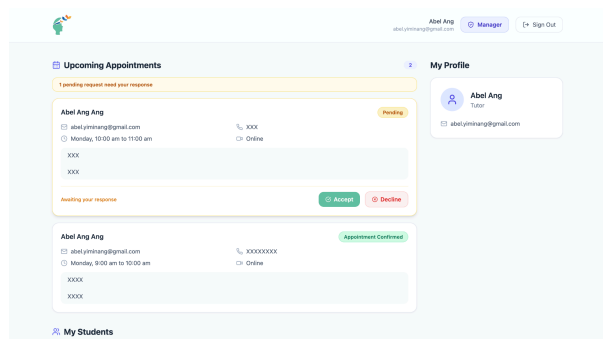

Step 1: Open your browser and navigate to the Open Minds Studios website. You will see the homepage with the logo centred on the screen and two login buttons at the bottom.

Step 2: Click the "Tutor Login" button on the right. A pop-up modal will appear with a Tutor Access prompt. Click "Continue to Sign In" to proceed.

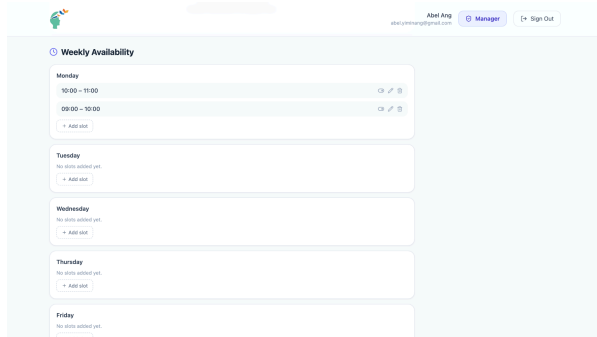

Step 3: You will be taken to the sign-in page. Choose one of two methods to log in. Or sign up with your approved-by-manager email.

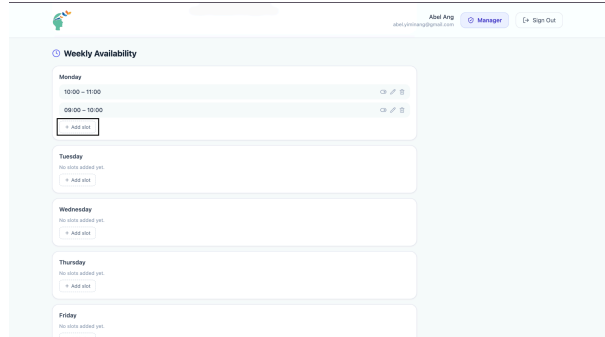

Step 4: Once signed in, you will land on your tutor dashboard. From here, you can view upcoming appointments, respond to pending session requests and manage your student roster.

How to Add Availability

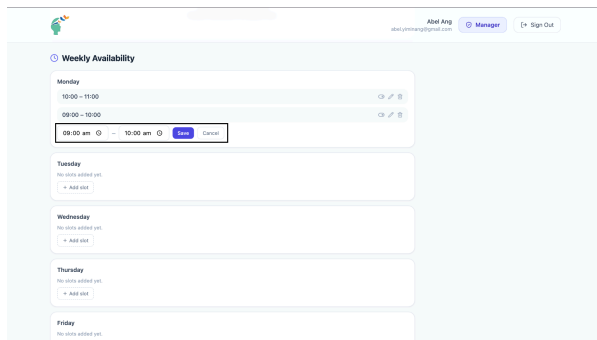

I need to add availability to my schedule. How do I do that?

Step 1: Scroll down from the dashboard to the 'Weekly Availability' section.

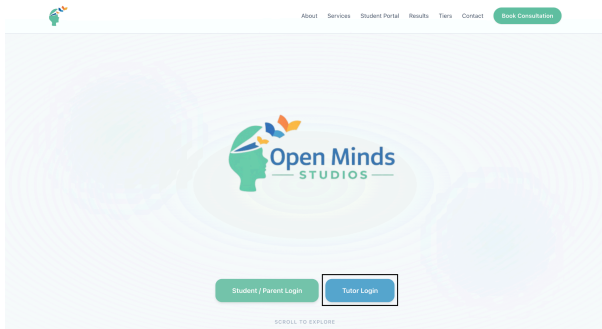

Step 2: Click 'Add slot'

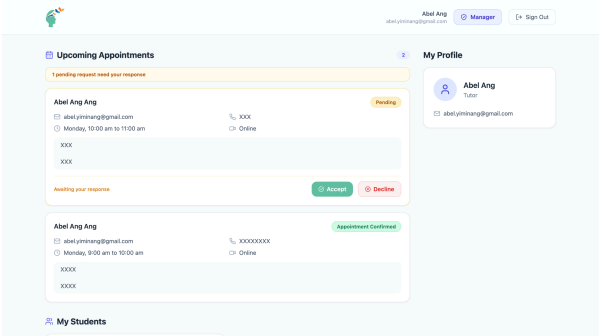

Step 3: Enter the times you agreed with your manager for that day. Click 'Save'

How to Accept Upcoming Appointments

A student has scheduled a time with me. How do I accept his/her appointment?

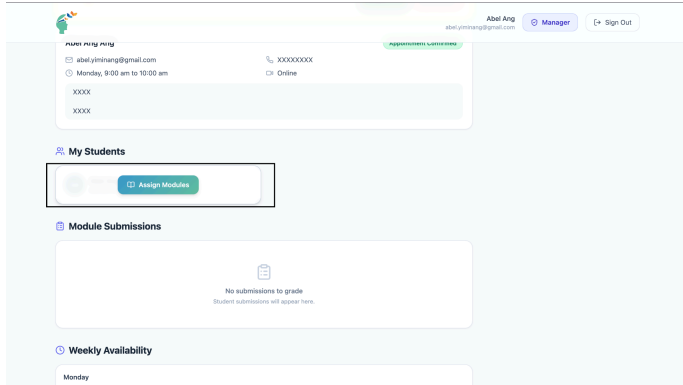

Step 1: Log in to Open Minds Studios Tutor Log in

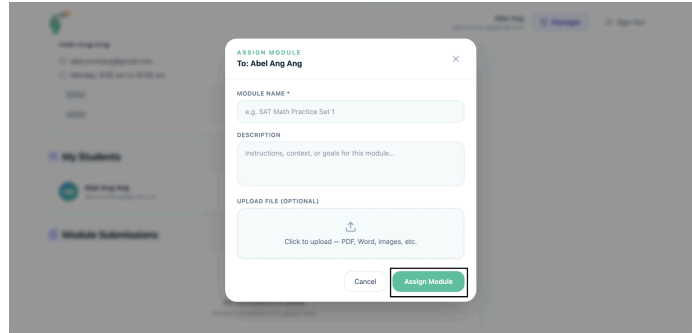

Step 2: Click 'Accept' under the upcoming sessions section.'

How to assign modules

I need to assign my student's work. How do I do that?

Step1: Toggle your mouse over a student's profile and click 'Assign Module'

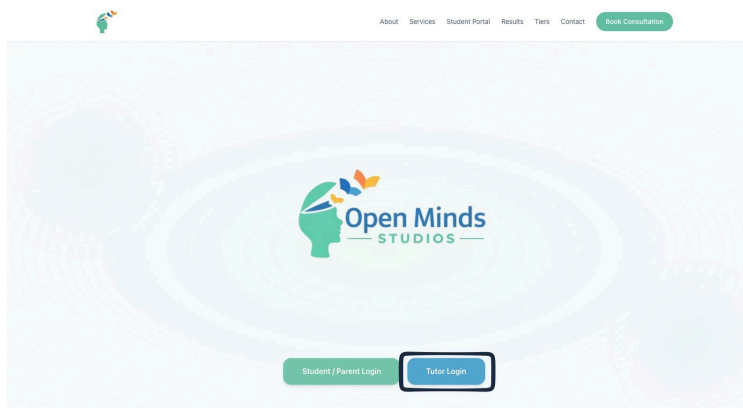

Step 2: Fill in the details and upload the work in PDF format. Click 'Assign module' to assign.

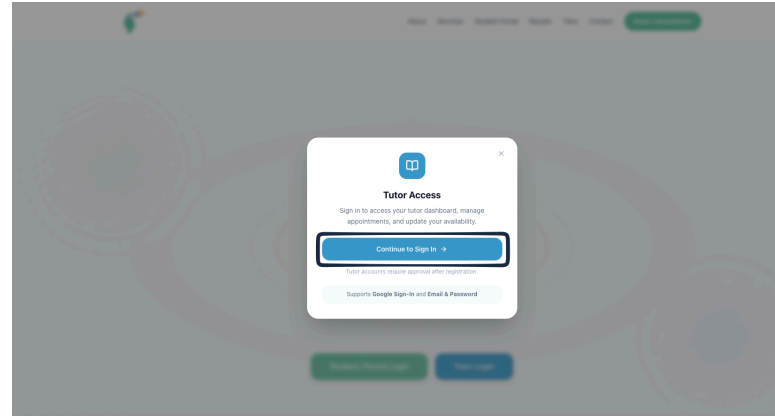

Manager/Super Admin Journeys

How to Reach the Manager/Super Admin Dashboard

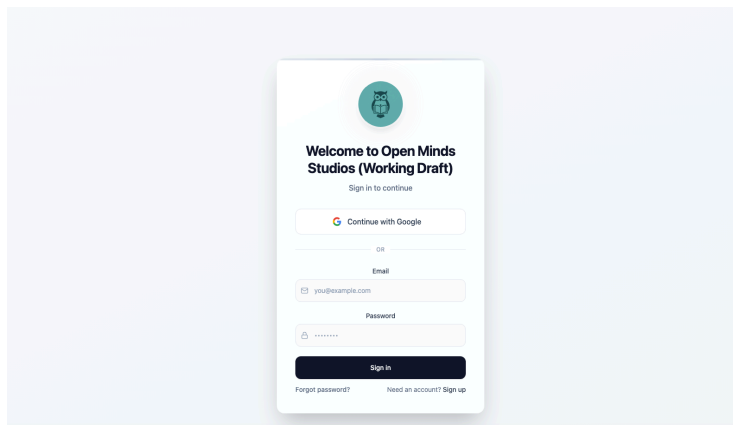

I'm a Manager/Super Admin and want to manage others. How can I do this?

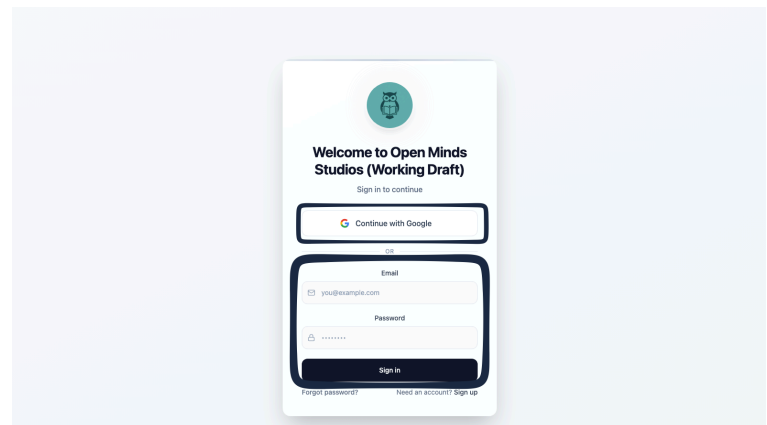

Step 1: On the landing page, click “**Tutor Login.**”

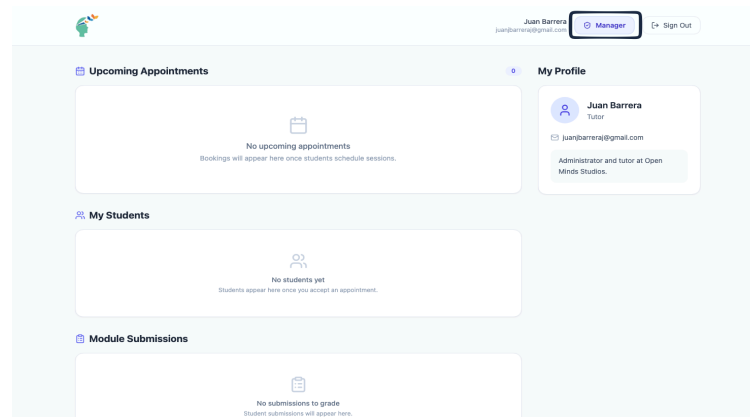

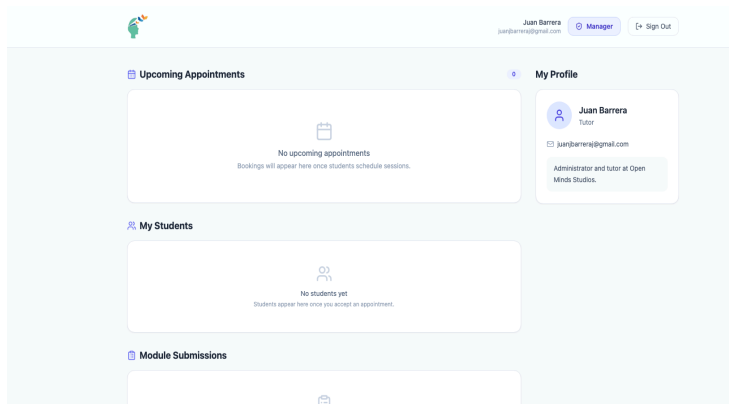

Step 2: Click the blue button labeled “**Continue to Sign In.**”

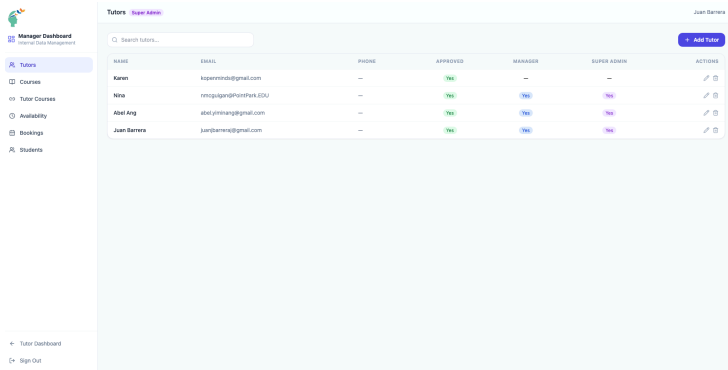

Step 3: You will be asked to choose a sign-in method. You can either sign in with your Google account or use the email and password created for Open Minds.

Step 4: Click “**Continue with Google**” if you are using a Google account. Otherwise, enter your Open Minds email and password, then click “**Sign In.**”

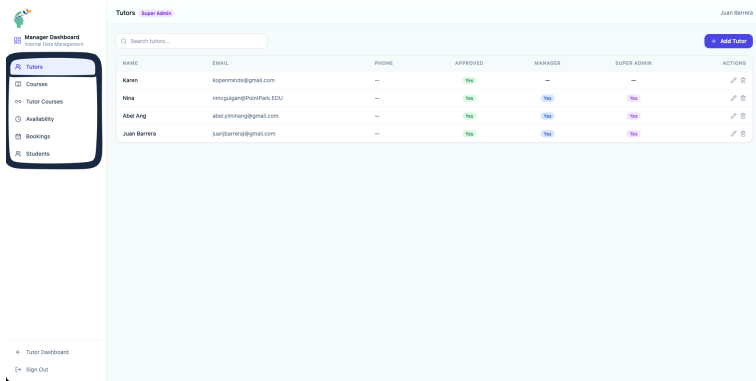

Step 5: After signing in, you will be taken to the Tutor Dashboard.

This is the Manager Dashboard.

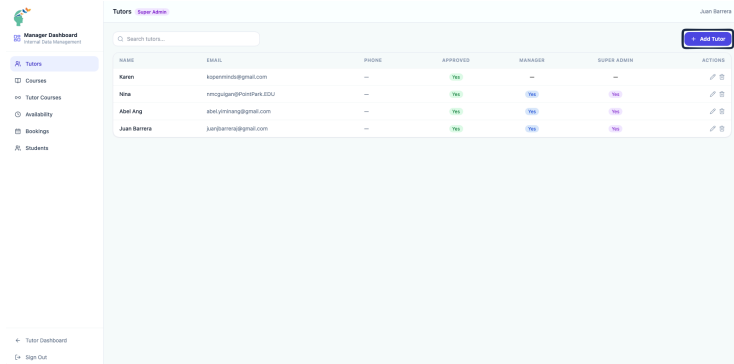

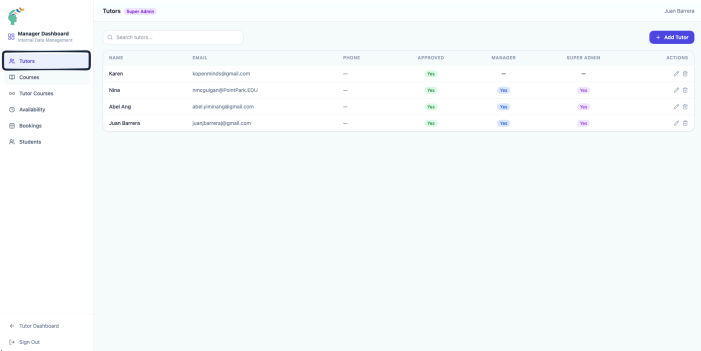

Step 6: If you are an admin, you will see a “Manager” button in the top-right corner of the screen. Click this button to access the admin tools.

Step 8: On the left side of the screen, you will see the navigation bar for the Manager Dashboard. The page you are currently viewing will be highlighted with a light purple background. In this example, we are on the “Tutors” page.

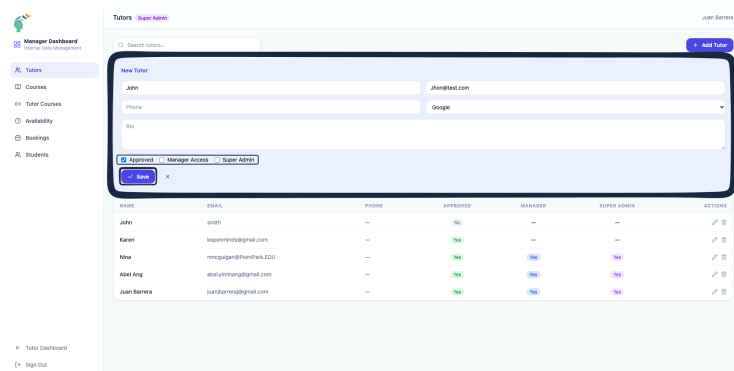

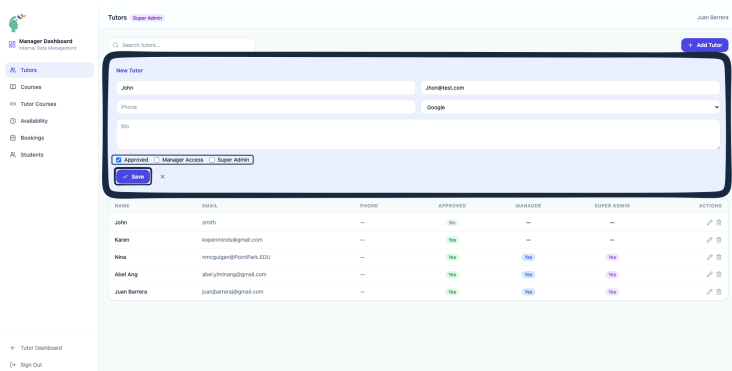

How to Add Tutors

I want to add a person to be able to sign in as a tutor. What should I do next?

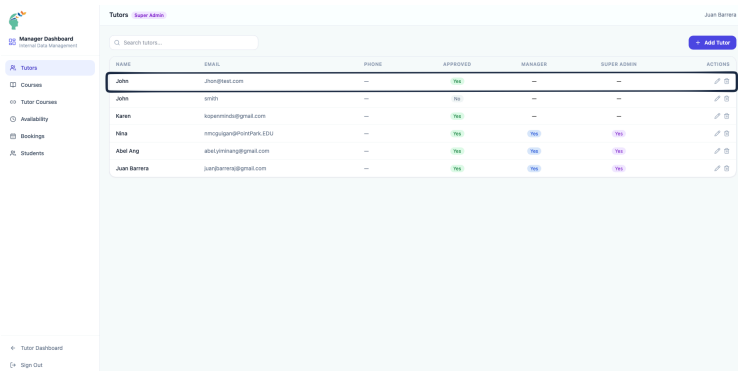

Step 1: In the left panel, click “Tutors.”

Step 2: This is the Tutor Management page. To add a new tutor, click “Add Tutor.”

Step 3: Fill in the tutor’s information, including their name, phone number, email, and sign-in method. You can choose whether they will sign in with a Google account or with an email and password.

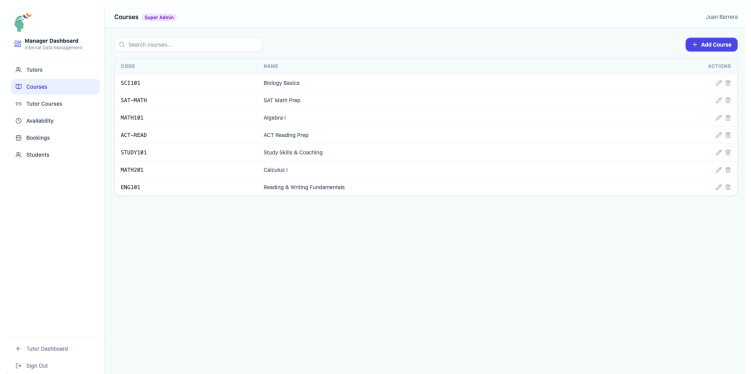

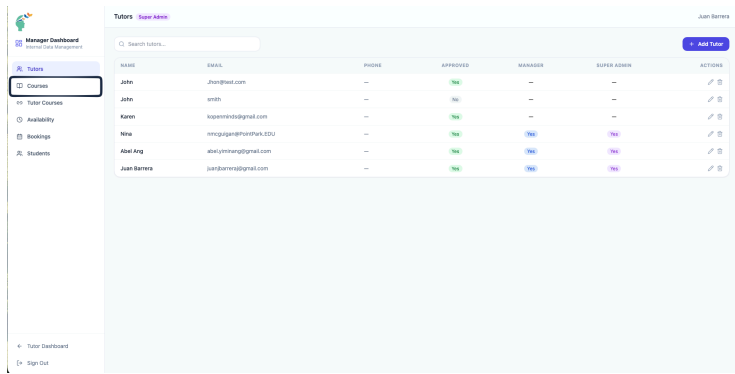

Step 4: Select the tutor’s access level. Click “Approved” if you only want them to have regular tutor access. Only select “Manager Access” or “Super Admin” if the tutor needs additional administrative permissions.

Step 5: Once the tutor is added, their information will appear on the Tutor Management page.

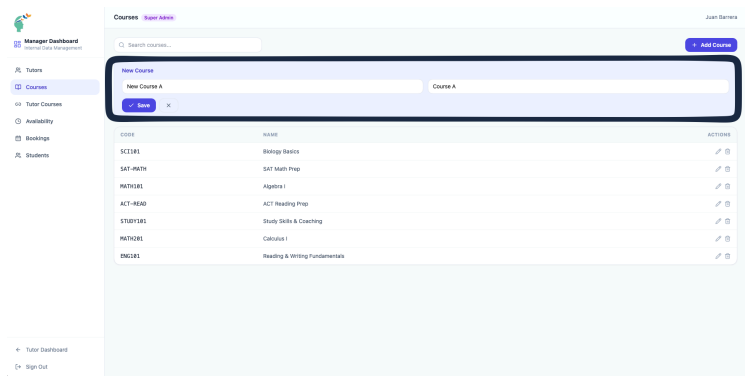

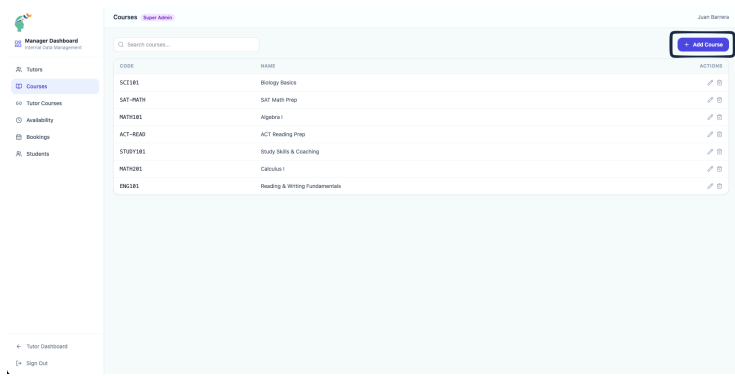

How to Add a Course

I want to add a course to be available for tutoring. What should I do next?

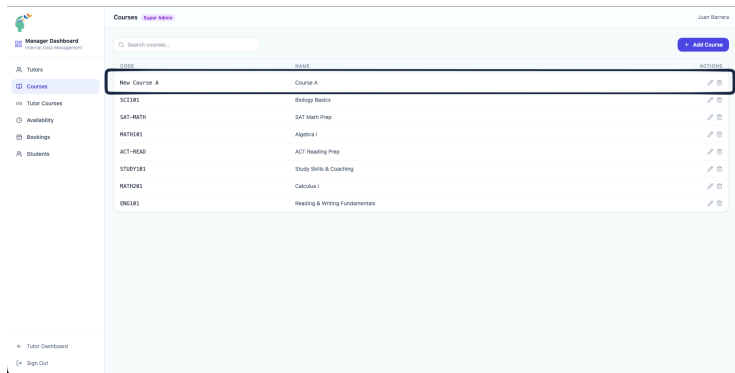

Step 1: In the left panel, click “Courses.”

Step 2: This is the Course Management page. From here, you can view and add courses.

Step 3: To add a new course, click “Add Course.”

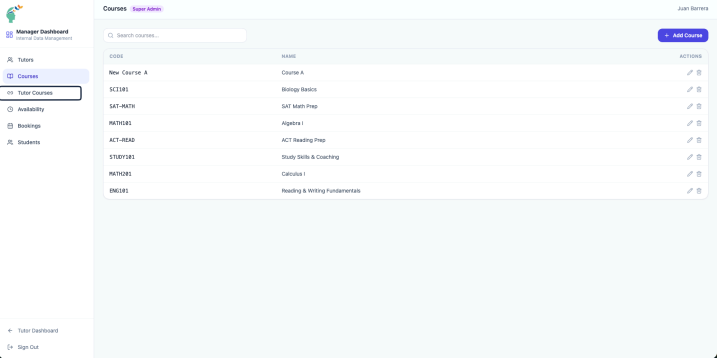

Step 4: In the “New Course” section, type the name of the course you want to add. Click “Save” to add the course.

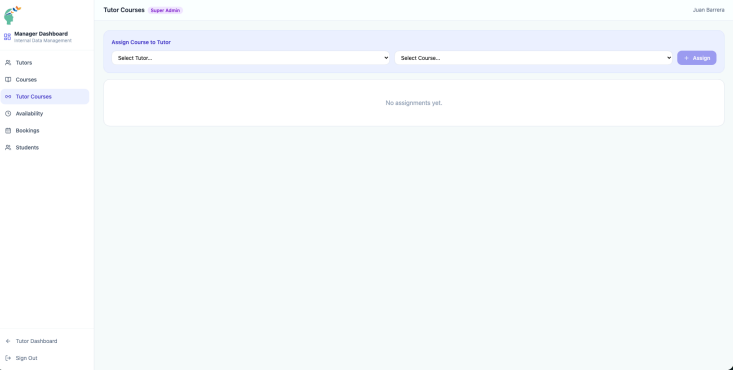

Step 6: The new course will now appear on the Course Management page.

How to Assign a tutor to a course

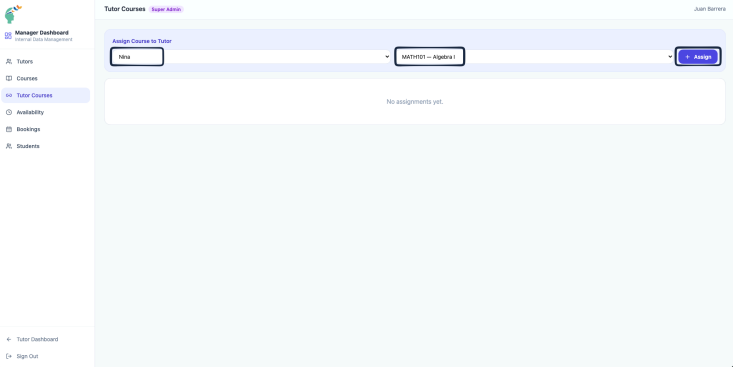

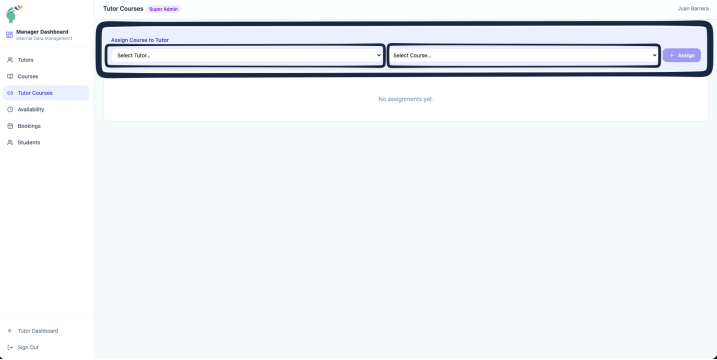

I want to assign a tutor to a specific course. What should I do next?

Step 1: In the left panel, click “**Tutor Courses.**”

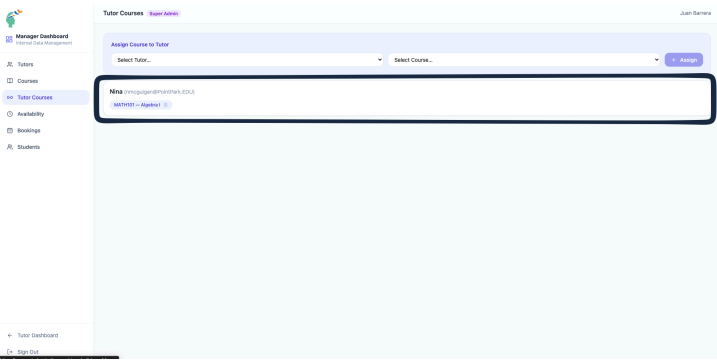

Step 2: This page is used to assign tutors to specific courses or subjects.

Step 3: You will see two dropdown lists. Select the **course** from the left dropdown and the **tutor** from the right dropdown to create the correct tutor-course combination.

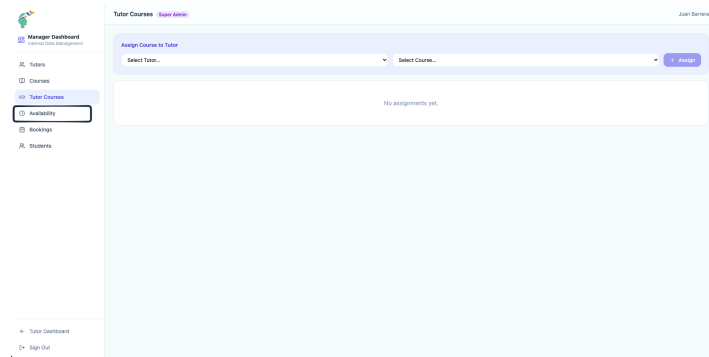

Step 4: Click “**Assign**” to save the changes and assign the tutor to the selected course.

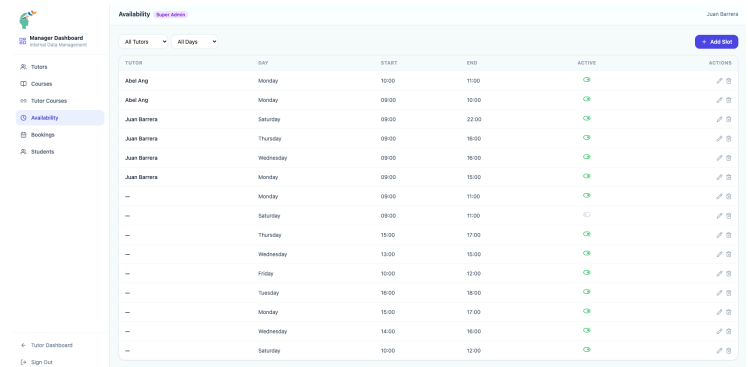

Step 5: The assigned tutor will now appear on the Tutor Courses page.

How to Add Availability to a Course

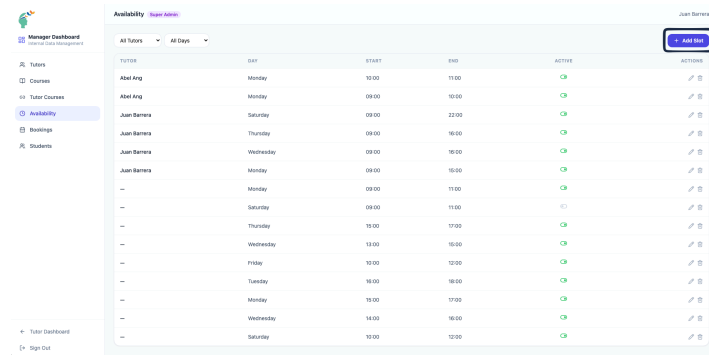

I want to set a specific day and time for each tutor to be available. What should I do next?

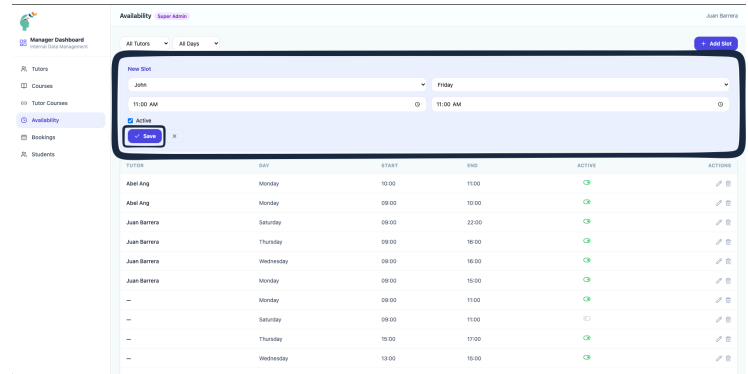

Step 1: In the left panel, click “Availability.”

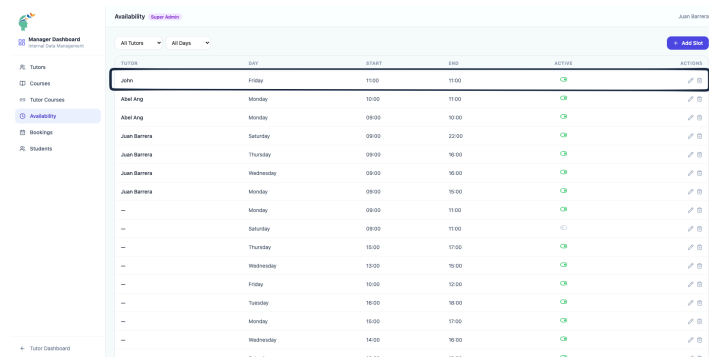

Step 2: This is the Availability page. Here, you can view when each member of your staff, including tutors, is available.

Step 3: To add a new availability time, click “Add Slot.”

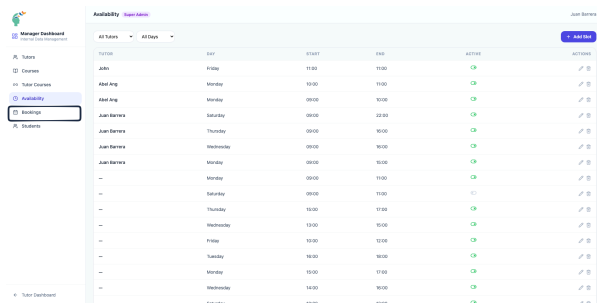

Step 4: In the “New Slot” section, fill in the details for the availability you want to add. Click “Save” to apply the changes.

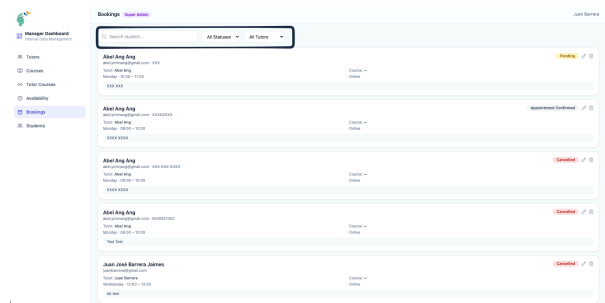

Step 6: You have now added a new available time slot for the selected tutor.

How to see the current Bookings

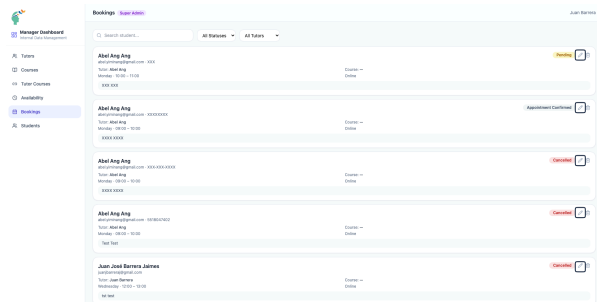

I want to see all the current bookings made so far, what should I do?

Step 1: In the left panel, click “**Bookings.**”

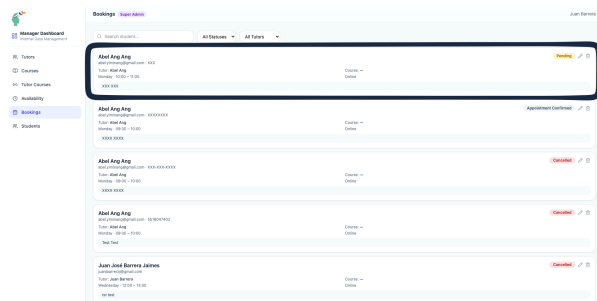

Step 2: This is the Bookings page. Here, you can view and manage student bookings. You can filter bookings by typing a student's name in the search bar or by using the dropdown filter options.

Step 4: To edit an individual booking, click the **pencil icon** in the top-right corner of the booking card.

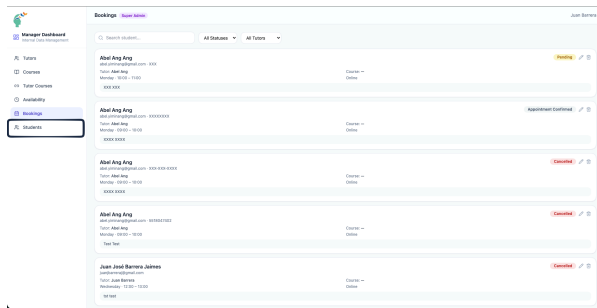

Step 5: After making the necessary changes, click “**Save.**”

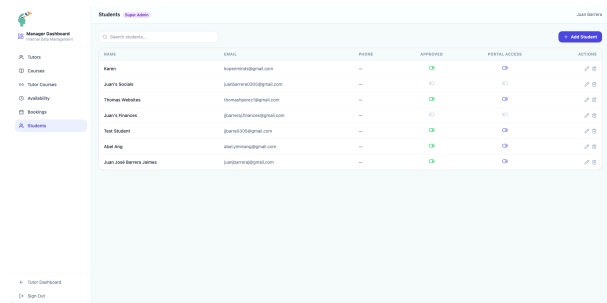

Step 6: The booking has now been updated successfully.

How to manage students

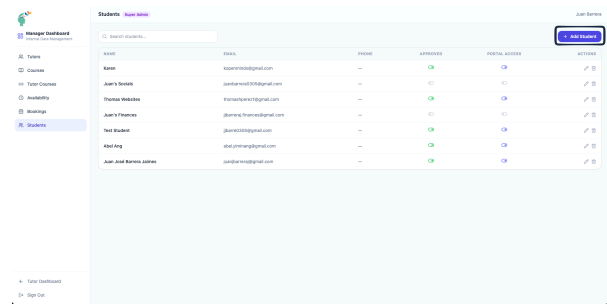

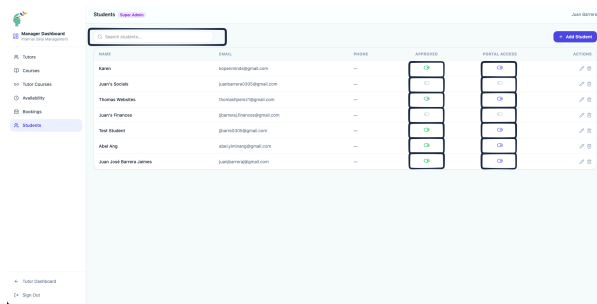

I want to see all the current students, approve access and manage them. What should I do

Step 1: In the left panel, click “**Students.**”

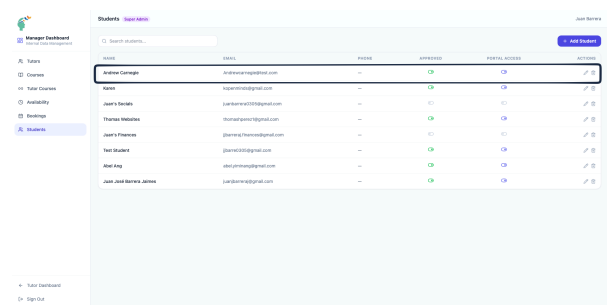

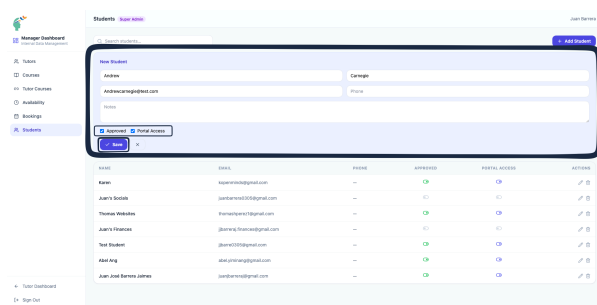

Step 2: This is the Student Manager page. Here, you can view all students and see their current status.

Step 5: To add a new student, click “**Add Student.**”

Step 3: To find a specific student, type the student’s name in the search bar. To update a student’s access, click the switch next to that student’s name.

Step 6: In the “**New Student**” section, fill in the student’s details. If the student is already approved and should have portal access, make sure to check the appropriate boxes. Click “**Save**” to add the student.

Step 9: The new student has now been added to the Student Manager page.
